

**It takes one gift to change a life. It takes 60,000 Masons to build a legacy.**

Centuries of California Masons have pledged to care for our Masonic family, and the communities we serve.

Through innovative programs, we provide relief for fraternal family members of all ages, and create unprecedented educational opportunities for children who need our support to thrive.

These life-changing services all start with one person: you. By making a gift to our Annual Fund, you make a profound difference.

When we bind together – 60,000 Masons strong – our support creates a shining legacy.

**Masonic Homes of California Masonic Outreach Services:** Our outreach program provides critical relief for fraternal family members of all ages, helping them to address complex life challenges.

**California Masonic Foundation:** Our foundation provides relevant and meaningful public education programs to improve the lives of children, schools, and California communities.
